HARRIMAN TOLD OF ATTEMPT TO BRIBE

WOLFE SAYS HE WAS INFORMED OF MATTER BY JOB HARRIMAN, SOCIALIST CANDIDATE

Los Angeles, July 11.—Frank E. Wolfe testified on re-direct examination in the bribery trial of Clarence S. Darrow today that he had first learned of the attempt to involve Darrow in the alleged jury bribing through Job Harriman. The latter, he said, had obtained that information from Assistant District Attorney Ford. Ford asked the witness why he did not come to the district attorney's office and tell him that Darrow had been with the witness during the morning Franklin was supposed to have received the alleged bribe money.

"It never occurred to me to go to the district attorney's office with any information," replied Wolfe. "I thought that office was well enough cared for with an efficient corps of detectives and photographers."

J. H. Russell testified that on the morning of Franklin's arrest, Harriman had given the witness \$500 in gold to pay a note. He corroborated the testimony of Harriman and identified the note, which is a defense exhibit. Russell was Harriman's secretary during the pendency of the McNamara case.

REPUBLICANS PLAN CAMPAIGN
Washington, July 11.—When the sub-committee of the republican national committee meets in New York July 19 to complete the organization plan, it will make up a plan to divide the United States into four sections with an experienced leader in charge of each.

For the east William Barnes, Jr., of New York, is under consideration and for the central states, with Chicago as headquarters, John T. Adams of Iowa, Charles B. Warren of Michigan, or Thomas Niedringhaus of Missouri.

Considerable attention is being given to the selection of the advisory committee. Governor Herbert H. Hadley may be selected as a member.

PERSONALS

"Whistle" McCullough left this afternoon on a short business trip to Raton.

Sheriff and Mrs. Roman Gallegos have returned from their home in San Jose, where they spent several days.

S. B. Davis, Jr., United States attorney, left this afternoon on train No. 1 for Santa Fe on a short business trip.

T. E. Fitch, postoffice inspector with headquarters in Denver, came in yesterday afternoon from Colorado on business.

J. L. McDonnell, state representative of the Armour Packing company, left yesterday afternoon on a short trip into the northern part of the state.

Ladies' braids made to order. See our 32 inch hair in French refined, 3 oz. braid for \$10.50, till the 15th of July. Mrs. J. Talchert, 610 Douglas, Phone Vegas 340.

H. L. Shillinglaw stopped off in Las Vegas this afternoon for a short visit with his cousin, William Shillinglaw. Mr. Shillinglaw has been on a trip in the east and is en route to his home in Los Angeles.

Engineer and Mrs. G. M. Robinson left yesterday afternoon on train No. 10 for their home in Wellington, Kansas, after having spent three weeks visiting Mrs. Robinson's parents, Mr. and Mrs. N. H. Roseberry.

Leonard Hoskins, accompanied by Jay Stern and Morton Stern, left this morning in the Hoskins touring car for the lower Pecos. They will go to Santa Fe tonight, returning to the Pecos and Las Vegas tomorrow.

Mrs. J. C. LaMasters, who has been in Las Vegas several days visiting her sister-in-law, Mrs. F. O. Blood, left this afternoon for her home in Sandia. Mrs. LaMasters has been visiting in the east and stopped off en route home.

Mrs. R. M. Johnson, Miss Irma Gortner and Miss Beck of Chicago, left the Whisky City last night on their way to Las Vegas where they will be the guests of Mr. and Mrs. W. E. Gortner. Mrs. Johnson and Miss Gortner are sister and daughter, respectively, of W. E. Gortner. They reside in Goshen, Ind. The ladies will spend several weeks here and then go on to California for a visit with relatives.

MAROONS MAY BE OBLIGED TO DISBAND

COMMITTEE CALLING ON BUSINESS MEN TO SECURE FINANCIAL ENCOURAGEMENT.

The fate of baseball in Las Vegas is still hanging in the balance, and not until a thorough canvass of the business men of the city has been made will it be definitely decided whether the Maroons will disband or continue the season. A meeting was held last night at the city hall and the few fans who were present expressed themselves in favor of a continuance of the national sport, and pledged themselves to work for this end.

At the present time the ball club can disband and pay all debts. The collection of all subscriptions due for July will pay off the players and settle up debts contracted up to yesterday. The subscription list contains practically enough money to pay the salaries of the players, but at the present rate, every series of games puts the team in the hole to the extent of from \$50 to \$100, and it is for this reason that disbanding of the team is considered.

Lack of interest in baseball so far this year, which is due to the prize fight and other attractions, has been the reason for the dropping off of the gate receipts. But from now on there will be little or no excitement in the Meadow City and it seems probable that should the game continue, attendance will pick up and the fans will show their old time enthusiasm in America's greatest sport.

Many of the subscribers to the ball club have expressed their willingness to double or materially increase their subscriptions, and it is determined to what extent the list will be increased that this finance committee of the association made the canvass today. Should the list be increased half or two-thirds and attendance at games pick up to the normal, baseball for Las Vegas for the remainder of the season would be a sure thing.

The Maroons propose to go to Dawson for a series of three games Saturday, Sunday and Monday "on their own hook" and will return here the first of next week at which time matters should be sufficiently straightened out to make some definite decision.

ELLIS LEADS IN MAROONS WIN IN SECOND DAWSON GAME

MAROONS' RIGHT FIELDER HITS IN TWO GAMES AT RATE OF .567

Hits for extra bases were few and far between in the two game series between Dawson and the Las Vegas Maroons, played here on Tuesday and Wednesday of this week. Consequently the merchants who offered premiums for all extra base hits will not be forced to replenish their stock of neckties and hose, as might have been the case had the local boys gotten their usual number of bingles. In the Tuesday game, there were five extra base hits, three doubles and two triples, and in the contest yesterday no extra base hits were made by the Maroons.

Freddie Owens, the Maroons' third sacker, is credited with a three base hit and a two bagger, whereby he will replenish his wardrobe to the extent of two neckties and a pair of hose. He also wins two watermelons and ten tickets to the Photoplay or Browne on the three base hit and five tickets on the two base hit. Ellis hit the ball for three bases and wins two neckties, two watermelons and the theater tickets. McIntyre and Ward are each credited with a two base hit each of which wins two pairs of hose and five theater tickets.

Ellis led the team in the series in batting, getting four hits out of six times at bat, which gives him an average of .667. Owen is a close second, hitting the ball at .525 getting five hits out of eight times at bat. Ward got three hits out of seven times at bat, hitting at the .426 clip. McIntyre and Lockhart batted .500, the former getting three hits out of six times at bat and the latter four out of eight. Clark connected with three out of ten, averaging .300. Lyons batted at .222, getting two hits out of nine times at bat. Sorensen batted .143 and Buckles brought up in the rear with an average of .125. The average of the entire club is .332 or 26 hits out of 68 times at bat.

Ellis, in leading the club during the series, wins two pairs of socks offered by the Boston Clothing house for the best batter. The neckties offered for three base hits were donated by the Hub Clothing store and the Bacharach brothers. The watermelons were donated by J. H. Stearns and John H. York, two grocers. The ten theater tickets were offered by Duncan and Browne, managers of the Browne and Photoplay show houses. The prizes for two base hits were donated by the Hub Clothing company, and by Duncan and Browne.

MCINTYRE LEAVES TEAM

H. M. McIntyre, better known to his friends and the baseball fans of Las Vegas as "Matty," the star initial sacker of the Maroons, left last night for Humboldt, Neb., where he will play with the Mink league team, in that city. Matty undoubtedly was one of the best first basemen and all around ball players that ever donned a uniform in Las Vegas, and should, baseball continue here, as all of the true fans hope he will be greatly missed from the Maroon line up.

McIntyre was one of the best batters on the local team this year, and to have an error chalked up against him was something unusual. On the ball field the big fellow was quiet, but always on the job. He can scoop up anything within reach around first base, and many a bad throw has been grabbed up by him and the runners relieved.

McIntyre, accompanied "Bull" Walsh the comedian second baseman of the Dawson crew to Nebraska, it being through him that he secured his offer from the Humboldt management. Matty's new position is a step up in the baseball world and though the fans here are sorry to lose him, they are glad to see him advance.

In these days of high cost of living, a medicine that gets a man up out of bed and able to work in a few days is a valuable and welcome remedy. John Heath, Michigan Bar, Cal., had kidney and bladder trouble, was confined to his bed, unable to turn without help. "I commenced using Foley Kidney Pills and can truly say I was relieved at once." His example is worth following. O. G. Shaefer, Red Cross Drug Store.

LOCAL BOYS TAKE TWENTY-FIFTH VICTORY BY SCORE OF 4 TO 1.

In the best exhibition of baseball of the season, the Las Vegas Maroons yesterday afternoon defeated the Dawson team by the score of 4 to 1. The game was fast throughout, and was featured by clean fielding on the part of the two teams. "Rube" Weeks twirled for the visitors and held the Maroons down to seven bingles, three of which were allowed in the eighth inning at which time the Maroons stayed away their twenty-fifth victory. Sorensen worked on the mound for the Maroons, allowing but six scattered hits.

The first three innings of the game were without a score, the batsmen of both sides being retired in one two three order. In the fourth inning Tommy Clark led off with a clean single, was sacrificed to second by Buckles, and, after advancing to third on Lyons' out, was scored on Lockhart's single. The Miners tied the score in the sixth inning, when Weeks led off with a two base hit, took third when Lockhart let Buckles throw to catch the Rube off base go through him, and came in when Lyons overthrew third in attempting to catch him en route to the third sack.

The Maroons clinched the game in the eighth inning, stretching two hits and three errors into three runs. McIntyre opened the inning by going to first base on the shortstop's error. Ward bunted, and both runners were called safe. McIntyre and Ward advanced a base on another error of Ambos, and McIntyre and Ward came home on Clark's single to left field. Buckles singled putting Clark base on a passed ball, and scored when Whalen overthrew second attempting to catch Buckles. Lyons and Lockhart each ended the inning by flying out to center field. The Dawson Miners were unable to connect successfully with Sorensen's twisters in the ninth and the game closed with a fast double play from Ward to McIntyre.

The attendance at the game was poor, and the fans who remained away missed the best game of the season.

The box score:

	Dawson	AB.	R.	H.	P.O.	A.	E.

Las Vegas.....0 0 1 0 0 0 3 x—4
Summary: Stolen bases—Ward. Sacrifice hits—Walsh, Whalen, Ward. Two base hits—Weeks. Double play—Ward to McIntyre. Struck out—Weeks two, by Sorensen 4. Bases on balls—off Weeks, 1, off Sorensen 2. Hit by pitcher—McIntyre. Passed balls—Buckles, Whalen. Time of game—1:35. Umpire—Richards.

Summer colds are hard to get rid of, and frequently lead to asthma, bronchitis, and hay fever. Do not let your cold get a hold on you, but use Foley's Honey and Tar Compound for quick relief. W. H. Allen, Chelsea, Wis., says: "We prefer Foley's Honey and Tar Compound to other cough medicines because it quickly cures coughs and colds. It will ward off a cold if taken in time." Contains no opiates. O. G. Shaefer, Red Cross Drug Store.

N. J. Gorman, cashier bank of Woodville, Woodville, Ga., had a very severe attack of kidney trouble and the pains in his kidneys and back were terrible. "I got a bottle of Foley Kidney Pills from our druggist and they entirely relieved me. I have more benefit from them than any other medicine." O. G. Shaefer, Red Cross Drug Store.

SANTA FE SHOWS INCREASE IN EARNINGS

DECREASE IN TOTAL OPERATING INCOME FAILS TO SPELL LOSS OF MONEY

Topeka, Kan., July 11.—With the exception of February, which had an extra day to its credit this year, May gross earnings of the Atchison, Topeka and Santa Fe showed the largest comparative increase of any month of current fiscal period. May's gross increase of \$420,658 was further enhanced by a decrease of \$230,342 in operating expenses, which with the exception of April was the greatest monthly comparative decrease this year.

May's increase in operating income of over \$600,000 was the largest of the year. All in all, May was the most prosperous month the Santa Fe has had.

Since February the Santa Fe has decreased operating expenses \$711,526, compared with the same period of last year. But for the 11 months ended May 31 expenses were almost \$400,000 larger than last year, which does not mean inability to control expenditure in the face of decreasing business, but rather the usual desire to keep the property up to all possible requirements. All of this increase is accounted for by comparatively large expenditures for upkeep in the early months of the fiscal year. The winter may have been a very hard one, but the Santa Fe's spring expenditures have not indicated that it left any blotches upon the property.

At the end of May, gross earnings were only \$140,346 behind last year, and if June shows a comparative increase of only about a third as large as May's gross for the year will be as large as last year, which was a record.

Operating income at the end of 11 months was \$1,252,367 behind last year. Of this decrease \$713,495 is due to larger taxes. And, according to officials, there is no relief in sight. But taxation is a matter of legislation and not of railroad, and the Santa Fe management cannot be held accountable for the laws under which the road must be operated.

A Different Story Nowadays
Here is a flowery tribute from the Hutchinson News, published July 4, 1872:

The A. T. and S. F. railroad is numbered with the greatest enterprises now in progress in the opinion. It is owned and managed by one of the most powerful corporations in this or any other country. They have a plan and an object to attain, and they have the capital to push forward the enterprise to a successful culmination. Brain power, plenty of it, and of the highest order, is at the helm. Money, brains and pluck have combined to make this one of the grandest achievements of this rapid age. Milt Reynolds has written column after column in the Parsons Sun and other papers during the past year, telling us of the magnificence of the M. K. and T., the colossal proportions of Bob Stevens' intellectually in the railroad sense, and of the tireless energy of Sam Fry as a grader, etc.; but ah, Milton, my boy! those things have ceased to be impressive up here in the Arkansas valley, where we have a Peter, a Criley, and the noble A. T. and S. F. bounding along over the rich prairies through the home of the buffalo, at the rate of two and three miles per day towards the setting sun! The energy with which this tollsome march across the prairies is continued from day to day is not less surprising. The bronzed veteran at the front, the sweating heroes of the engines and construction trains, the thoughtful watchful, wary intellects at headquarters, are chock full of energy and determination. They are determined to accomplish one object. That object is the completion of the line to the border of the state by the first day of January—a distance of nearly 300 miles. There is no doubt of their success.

Heavy Traffic in Southwest
Wichita, Kan., July 11.—Railroads entering Wichita are preparing for the greatest gain movement they have ever had. Facing the prospect of an enormous traffic movement officials have planned to have every available car in the grain belt by the time the movement begins. Thousands of cars have been concentrated in southern and western Kansas. It is estimated that the first movement of grain will call into use in Kansas 45,000 cars.

Despite their efforts to get into shape to handle the immense movement officials are afraid that they will be unable to keep pace with the demand for cars. Fair weather conditions and the high price of grain probably will cause the farmers to throw the crop on the market early. At present wheat is bringing 90 to 95 cents throughout the country. Officials expect the early movement to be expenditures have not indicated that First Aid to the Injured

Conductors on the Burlington system will be required hereafter to act as "first-aid-to-the-injured" experts. An order has been issued by the management directing that "first-aid" packages be carried by passenger conductors in their traveling bags and that freight conductors keep them in the lockers of their way cars. Conductors will receive instructions from a medical examiner on the care of injured persons and those who may be taken ill. Before brakemen are promoted to the positions of conductors they will be sent to a medical examiner for instructions on "first-aid material."

Santa Fe Quarterly Dividend
Atchison, Topeka and Santa Fe railway company has declared the regular quarterly dividend to 1% per cent on its common stock, payable September 2 of stockholders of record July 31.

AMERICANS LEAD IN GAMES OF TODAY

UNITED STATES SCORES SEVENTY-TWO POINTS IN OLYMPIC CONTEST.

Stockholm, Sweden, July 11.—The result of today's contests in the Olympic games were as follows:

United States, 72; Sweden, 56; Great Britain, 47; Germany, 23; France, 19; Finland, 19; South Africa, 11; Denmark, 11; Norway, 10; Italy, 5; Hungary, 4; Bohemia, 4; Russia, 3; Austria, 3; Greece, 3; Canada, 3; Holland, 2; Australia, 2.

American athletes added further points to their score in the Olympic game by winning the final of the 200 meters flat race and also securing second place in that event. Ralph C. Craig, Detroit, was the first man home and Donald Lippincott, University of Pennsylvania, followed close at his heels.

In the weight putting, in which the distances attained with both right and left handed are added, a further victory for the universities was won by Ralph Rose of the Olympia A. C. who got first place and Patrick J. McDonald, I. A. C., who was second. Other nations came rather unexpectedly to the fore in these two events, England scoring a point in the 200 meters flat race when W. R. Applegarth obtained third place in that dash and Finland improved its position in the list of winners when E. Niklander got third place in the weight putting.

(Summary, 10,000 meters walk, final: George Goulding, Ontario, Canada, first; J. Webb, England, second; Altman, Italy, third; A. Rasmussen, Denmark, fourth, 200 meters flat race, final: Ralph C. Craig, Detroit, first; Donald F. Lippincott, University of Pennsylvania, second; W. R. Applegarth, England, third. Time 21 1/2 seconds.

Putting the weight, right and left hand, final: Ralph Rose Olympia A. C., first; Patrick J. McDonald, I. A. C., second; E. Niklander, Finland, third.
Pole vault, final: Harry Babcock, Columbia University, first, with three meters 95 centimeters; Frank T. Nelson, Yale University and Mark S. Wright, Dartmouth, failed at that jump.
